

CONVENTION CALLS UPON MRS. BLOODWORTH TO RESIGN CHINESE CIVIL WAR BREAKS OUT IN SHANGHAI LIMESTONE DELEGATION UNSEATED AT STATE MEETING

FERGUSON MEN USE POWER TO SEAT SELVES IN CAPITOL

The regularly elected delegates from Limestone county to the state convention returned from Austin Wednesday morning, after having been unseated by the convention, and another delegation—all Ferguson men seated by the convention credentials committee.

It is not known who selected the delegation that was seated, as there was only one county convention held, there were both Robertson and Ferguson men on the regular delegation, and both sides were represented at Austin, but the trick was turned, just as the regular Dallas county delegation was unseated on a motion from the floor of the convention when no contest had been filed.

The Ferguson men had the votes in the convention and they used the power to suit themselves.

40,000 SOLDIERS OPEN ATTACK ON CITY AT 9 O'CLOCK

By D. C. BESS.

(United Press Correspondent)

SHANGHAI, Sept. 3.—Kiangsu troops estimated at more than 40,000, began an attack on the city under cover of artillery fire. With airplanes roaring overhead attacking forces started an advance in a semi-circular line and were within twelve miles of the city at 9 o'clock. The city is filled with excited refugees.

THREE MEXICANS ARRESTED WHEN PASSENGER IS HELD UP

By United Press.

MEADE, Kans., Sept. 3.—Three Mexicans are under arrest here in connection with an attempt hold up of the Rock Island westbound passenger train near here last night when two deputy sheriffs were wounded in a revolver battle with bandits. Deputies Roy Lewis and L. V. Keeney are seriously wounded, physicians said. The robbery of the mail cars containing a quarter million dollars was frustrated by the sheriffs posse which had been tipped off to the impending attack.

Poses scoured the surrounding country today for two bandits who escaped after seriously wounding two deputy sheriffs in an attempted hold up of the westbound Golden State Limited crack Rock Island train here last night. A third man Albert Pizeno, was under arrest here suspected of being the other bandit in the party. A tip that the hold-up was to be staged prevented the bandits from looting the mail car of more than a quarter of million of dollars, officials of the road said. The tip was received from a garage owner at Rossville, who found a note pinned to the hold-up in his garage after three strangers who stopped for gasoline had driven off in a car yesterday. Rock Island officials were notified and Sheriff Lepper of Meade county was in turn told of the robbery attempt.

With about a dozen men Lepper held beside the track as the Limited pulled in last night. As the train slowed down three men leaped from the blind baggage and ran toward the locomotive.

The sheriff's posse opened fire on the bandits. In the exchange of shots, Roy Lewis, 50 and L. V. Keeney, 45, members of the posse were wounded. One of the bandits was hit but escaped in an automobile parked nearby with another companion. The third man was arrested later.

By HENRY WOOD.
(United Press Staff Correspondent)
GENEVA, Sept. 3.—Delegates to the assembly of the League of Nations today began discussion of National Security and Disarmament following the arrival of Premier Edouard Herriot of France and Prime Minister Ramsay MacDonald of England.

After MacDonald's arrival early today the two Premiers immediately went into conference with their respective delegations attempting to hit upon scheme for national security agreeable to both countries. Both apparently have rejected the plan of Prof. Shotwell leader of the American group here.

It seems certain that France will never accept England's demand for disarmament, the French feeling they need military guarantees against attack before disarming. William G. McAdoo, former Secretary of the American Treasury arrived today to attend the sessions.

Firpo To Be Free To Fight Negro

WASHINGTON, Sept. 3.—Despite efforts to deport him within the next week, Luis Angel Firpo, Argentine pugilist, probably will be free to fight Harry Wills, Sept. 11, it appeared today.

Whatever the action of the Labor Department in the next few days, Firpo will still have recourse to the courts for a stay of a possible deportation order which would permit him to go ahead with the contest. The department's speed in the case is due to Canon William S. Chase of Brooklyn, who has nettled it with veiled charges of undue delay which he ascribes to "influence."

KLAN CONDEMNED IN PLATFORM WHEN MEET CLOSES

AUSTIN, Texas, Sept. 3.—Emphatic condemnation of the Klan as "democratic, unchristian and un-American" was made in the platform adopted by the democratic state convention here without discussion or a dissenting vote. The report of the subcommittee was submitted upon the opening of the session this morning. Cheering greeted the reading of report, and applause was frequent during the voting.

A resolution calling for the resignation of Mrs. J. T. Bloodworth, Fort Worth, as national committee woman from Texas was adopted most unanimously. The resolution charged Mrs. Bloodworth with being out of harmony with the state national party.

Reading the plank condemning abuses of the prescription method obtaining whiskey from drug stores met with loud applause.

The platform adopted is a modification of the Ferguson document with three additions. These consist in endorsement of Governor Neff and efforts to suppress lawlessness, commendation of Lieutenant Governor Whit Davidson for his administration while in the governor's chair, toward suppression of mob violence, and a third declaration that there is a war of the peoples money to build expensive highways without adequate maintenance provision.

The convention adjourned sine die at 10:40, a. m., the closing session having lasted one hour and ten minutes.

Chairman E. A. Berry has called a new state executive committee to meet in Houston next Monday when nomination to fill the vacancy on ticket caused by the resignation of Dr. W. M. Splawn is to be made.

Curran, Commissioner of Immigration in New York, to investigate new charges that Luis Angel Firpo, Argentine heavyweight, violated the immigration law a year ago in connection with the entry into the United States of Miss Blanca Lourdes Picart. Miss Janet Lee has made her stage debut in Boston with the full consent of her parents, Rev. Dr. and Mrs. J. C. Lee of Gloucester, Mass.

The Campaign Day By Day

With the Maine elections Monday the next political high spot the Ku Klux Klan issue remains the chief point of political discussion. William R. Pottenger, Democratic candidate for governor is stressing his anti-Klan stand and charging the Republicans with accepting Klan support.

A letter published in New York from C. Bascom Sloop, Secretary to President Coolidge in response to a questionnaire, declares in reference to the Klan that the "President has repeatedly stated he is not a member of the order and is not in sympathy with its aims and purposes."

The President and his campaign manager, William M. Butler, did not discuss the matter of replying to the challenge of John W. Davis to denounce the Klan, it was said in Washington.

Davis is in Chicago conferring with his Western managers.

The active independent candidate

is now centered in New England where Senator Wheeler is speaking. In a speech at Portland, Me. Senator La Follette's running mate denounced the Klan and maintained that General Daves had not made clear whether he was for the Klan or against it in his Augusta speech.

The situation in New York State became more interesting with publication of a letter from Col. Theodore Roosevelt which is taken to mean he will be an active candidate for the Republican gubernatorial nomination before the state convention.

Governor Smith will go on a speaking tour for the National Democratic ticket covering New England, New York, Illinois and Ohio.

I Am Clean

One reason for my beauty

By Edna Wallace Hopper

This is to the millions of women who wish to know how I have kept my youth and beauty after 35 years as a stage star. And how at a grandmother's age I manage to look like a girl.

One thing is this: I never use soap and water on my face. Soap removes just the surface dirt, and that has nothing to do with the skin.

Lucie Lantelme, the famous Parisian beauty, told me how she kept her skin. Edna Wallace Hopper

Then I went to her Photo 1923 experts and secured the same method.

Since then the method has come into world-wide use, but only through beauty experts. The results were so marvelous that all of them charged high prices for the product. Some charged \$3, some \$5, for the formula, so only the few know how much it can do.

Now I am placing this formula at every woman's call. I have named it my Facial Youth. It contains no animal, no vegetable fats, so the skin cannot absorb it. It simply penetrates the pores to the depths, then departs. All the grime, all the dead skin and clogging matter comes out with it.

Wash your face in the best way you know, then apply my Facial Youth. You will be amazed at the extra grime and clogging matter which comes out with it.

This is the first step in fine complexion—an absolutely clean skin. This method is the only way to get it. Once you know what it means you will never go without it.

I have placed this formula with all druggists, all toilet counters. The price is the despite the fact that others charge ten times as much.

You need my Facial Youth. It is impossible, they tell me, to look your best without it. It is the only facial cleanser which really cleans.

Write me for my Beauty Book and I'll send with it something else to please you.

Edna Wallace Hopper, 536 Lake Shore Drive, Chicago. (Adv.)

Tilden Supreme On Tennis Court

By HENRY L. FARRELL.
(United Press Staff Correspondent)

NEW YORK, Sept. 3.—Until old age creeps upon him and dulls the keenness of his eyes and the strength of his arms, Bill Tilden can be the world's champion tennis player as long as he cares to hold the title.

Tilden has talked some of retiring at the end of the season and for a number of years it will be by his retirement only that a new champion can arrive.

The same officials and critics who marvelled at the beauty and perfection of little Bill Johnson's game

when he crushed the powerful Gerald Patterson in the semi-final round of the national championship tournament had no words to describe Tilden's game when he overwhelmed the same Johnston in the final round for the title yesterday afternoon at Forest Hills.

Johnston had been playing so brilliantly all during the tournament and Tilden had been in such careless form against Howard Kinsey and Vincent Richards that the friends of the little Californian figured he had an excellent chance to beat Tilden and win back the crown he once wore. It was considered at least a certainty that Johnston would give Tilden a hard fight but he turned out to be the easiest kind of a victim and Tilden won

at 6-1, 9-7, and 6-2.

Tilden said again today that he may retire at the end of the season and go into the movies. His friends believe, however, that some kind of a peace will be established with the association officials during the winter and that he will defend his title again next year.

OIL FIELD INTERESTED IN SAFETY

The Safety Council of the Mid-Continent Oil and Gas Association will present its picture "Live and Let Live" at Gusher Park tonight.

The oil fraternity and the public in general here should turn out in great numbers and get the full benefit of this picture which has been doing much good throughout the oil world of the Southwest in recent months.

The various companies with headquarters here have been notified of the coming of the picture and arrangements have been made for it to be given free.

The following companies, which give some idea of the magnitude of the oil industry here, have been notified about the picture:

The Pure Oil Company, J. K. Hughes Dev. Company, Gulf Production Company, Sinclair Company, Atlantic Oil & Prod. Company, Galena Signal Oil Company, Tidal Oil Company, Magnolia Petroleum Company, Mutual Oil Company, Lewis & National Oil & Ref. Co., Simms Oil Company, Sun Oil Company, Arkansas Oil & Gas Company, Houston Oil Company, Owenwood Oil Corp., U. S. Tex. Oil Corp.

The following is the letter:

I will be in Mexia, Wednesday, September 3rd, 1924, with the picture, "Live and Let Live," a safety picture put out by the Safety Council of the Mid-Continent Oil & Gas Association. In addition to this there will be a 3 reel picture showing the method of extracting gasoline from crude oil. These pictures will be shown at the Mexia Ball Park at 8:00 o'clock Wednesday night, and are primarily for the benefit of those engaged in the oil and gas industry, but any one interested in safety work is cordially invited to attend.

Will you please pass the word among your employees so that as many as possible may attend and as much benefit as possible be had from showing this picture in your locality.

Admission is free. D. J. Eldridge.

my board bill."

Mr. Brown handed the bill back to Mrs. Brown, saying that it would pay the twenty dollars he had promised her. She in turn paid Mr. Black to settle her bread and pastry account. Mr. Black handed it over to Mr. Hadley asking credit for account on his flour bill.

Mr. Hadley again handed it to Mr. Brown with the remark that it now settled the balance for that month's board.

Mr. Brown put the bill back in his pocket, observing that he had not supposed greenback would go so far.

But, suppose Mrs. Brown had sent to a mail order house for her new bonnet; then the ten dollars would have gone out of town and never come back.

THE MASSES CRAVE REPAIRS

The oppressed masses of the nation and the weary world that has not yet recovered from its wounds of war are looking to the Democratic party in America to save them from a repetition of the woes of the past four years. Never was the call so clear to Democrats to arouse themselves and march as one behind the standards of the party of the people.

The Republican party is now making promises. It says that if it hasn't done much for the masses in the past four years that it will make it all right in the next, if given a chance.

It reminds one of Irvin Cobb's story of the old colored woman who had just been run over by a careless automobilist. She was unconscious as she was lifted out of the ambulance but recovered her senses on the operating table.

As her eyes rolled about her the officiating surgeon bended over her and sought to comfort her.

"Now, now, Auntie, there's nothing to worry about," the attendant remarked soothingly. "In fact you ought to be able to get a considerable amount of damages."

"Damages," the old mammy snarled. "Huh, man, what does I want wid any more damages. I done got plenty damages already. What I craves is repairs!"

Mexia should have a poultry show this Fall. It is probably too late to plan for a County Fair. However, it is not too late for a poultry exhibition. Growing interest in the industry and the promise that it offers to the farmers of this section warrant the suggestion. A poultry exposition, displaying the various breeds of poultry now raised around here and illustrations of the profit derived from the business would be a great inspiration to scores of home builders in this section in future years. Let's hear from poultry raisers on this subject.

In the passing from this world of President F. M. Bralley of C. J. A. at Denton, Texas, has lost a great educator. Mr. Bralley's death recently was a great blow to that well known institution and to education in Texas generally. He devoted many years to the public through the schools of the state. And now it is hoped that his mantle will fall on worthy shoulders.

With Venus visible in day time and Mars exciting astronomers at night, people everywhere are thinking now of the stars of the heavens as well as of the gridiron.

"The world do move," Joe Bailey is wearing his political hat again and Senator Hoke Smith, only 69, has broken into print, having committed matrimony.

THIS TEN DOLLAR BILL KEPT EXTREMELY BUSY

(The Hearne Democrat)

Mr. Brown keeps a boarding house. Around the table sat his wife Mrs. Brown, the village milliner, Mrs. Andrews, Mr. Black, the baker; Mr. Jordan, carpenter; and Mr. Hadley, a flour and lumber merchant.

Mr. Brown took ten dollars out of a pocket and handed it to his wife with the remark that there was ten dollars toward the twenty he had promised her.

Mrs. Brown handed the bill to Mrs. Andrews, the milliner, saying, "That pays for my new bonnet."

Mrs. Andrews in turn passed it to Mr. Jordan, remarking that it would pay for the carpenter work he had done for her.

Mr. Jordan handed it to Mr. Brown saying, "That will pay ten dollars of

TO THE PEOPLE OF THE 8TH JUDICIAL DISTRICT.

I am indeed grateful to my friends for the splendid majority given me in the recent Primary, nominating me for a second term as Judge of the 8th District Court. I desire to thank each and all of my friends for their generous support. I have no feeling of resentment toward those who saw proper to vote against me.

I shall endeavor to merit the generous endorsement given me by faithful and impartial service in the discharge of the duties of that important office.

Respectfully,
 J. ROSS BELL.

TO THE VOTERS OF THE 8TH JUDICIAL DISTRICT:

Although unsuccessful in my race for District Judge, I appreciate the many friends who so loyally supported me just as much as if I had been elected.

I ran a clean race, removed many old acquaintances, made many new friends, and harbor no malice against those who did not vote for me.

I congratulate Judge Bell, and assure him that as a member of the bar and an officer in his court he shall at all times have my heartiest cooperation.

Respectfully,
 J. E. WOODS.

SCHOOL OF EXPRESSION.

Meet "Miss Yonkers" in Beauty Pageant.

FLORENCE KREISLER

attended her recital in June realized that as a teacher she was unexcelled. She displays a rare sympathetic understanding of her pupils, making progress very rapidly under her instruction. And her pupils all show pride and dignity, yet never losing their naturalities.

Whenever one of Mrs. Strange's pupils read last year he was met with hearty applause and appreciation. This year Mrs. Strange hopes to begin a series of recitals and staging of children's plays, showing patrons what progress can be made, without interfering with school work; while on the other hand she hopes to prove that this will be an aid to studies by teaching the child to express himself truly and quickly.

PARIS STYLE HINTS

PARIS, Sept. 2.—Color runs riot over all the new creations coming from the big designers of the Rue de la Paix. It would seem that they had all got together and decided that the Winter season be as gay as possible and, if bright frocks have anything to do with it, it surely will be.

Germaine is using not a little sombre black, brown and blue, but always in conjunction with vivid shades of red, orange and purple in contrasting fabric or in embroidery. A stunning model in black satin is cut like the all-over apron of a little girl and embroidered in front with lines of gold terminating in diamonds of orange and gold, with a two-inch band of orange tipping with gold the edges of the whole tunic.

There are gorgeous colors and brilliant combinations at the English house of Redfern. An ensemble called "Moulin Rouge" is a sheath gown of Chinese red kasha belted with lizard and covered with an ample coat of large red and yellow plaid. To wear with it comes a little hat of the lizard. A sensational evening dress has a feather flounce and feather sleeves in vivid flame color. Jade green is one of the favorite shades of this house, and on all the dresses there is wonderful trimming of bright ribbons, furs and fringes.

Paul Caret is showing a scarlet crepe gown fitted closely to the curve of the back and has a sash-like bow, with two long fringes of uncurled ostrich for the bow ends. A sheath gown of green and gold lace uses the V-shaped pattern of the lace in the upper portion of the gown while meeting the points of the V's are gold panels of uncurled ostrich.

Lelong is showing wonderful materials trimmed with glistening spangles, and embroideries which look like water on which sunlight is playing. A dark rich coat of purple velvet is lined with silver and worn over a gown of delicate orchid. A gay little geranium velvet is embroidered at the side with one big rose, in the heart of which are sparkling diamond dewdrops. He is very fond of metal cloths and bright Spanish embroideries for evening.

Bright colored velvets are to the front for afternoon frocks. Lenief favors Chinese red, and the Chinese influence is carried out in embroideries in gold and sometimes only fine thin lines about the neck and tunic which has a decidedly mandarin cut. Purple and carmine are often com-

bined, and willow green is a favorite with several of the large designers.

COTTON CROP BEING GATHERED RAPIDLY

Cotton is coming in rapidly at present. The season's crop is being gathered rapidly and all county gins are reported running to capacity. The cooler weather is assisting materially in gathering the crop. Hands are pretty scarce throughout the section. However other parts of the state report a greater scarcity and are advertising generally for hands.

FIFTY YEARS IN MEXIA

A 10-Year or a 1-Year Car

~The Difference Is a Matter of Lubrication

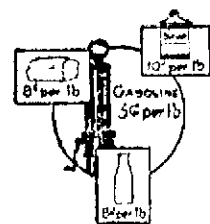

A prominent automobile manufacturer is author of the statement that "The difference between a 10-year car and a 1-year car is largely a matter of lubrication". The experience of this manufacturer and his success in the field of automobile engineering place him in a position to speak with authority on this subject.

Everyone, within his experience, knows of cars that have been running for years, and even though they are out-of-date as to lines and body design, their quietness of motor operation and the absence of squeaks and rattles show that they have always been well lubricated and well cared for.

On the other hand, you know of hundreds of cars that, even though they have been in service but a few years and have covered comparatively few miles, are afflicted with groans and squeaks; the motor knocks and labors and the gears clash and grind—and they are just about ready for the junk pile. Their owners have never considered lubrication as important.

Folks who really care about the service life of their cars and who wish to get as much out of their investment as possible, are finding that it pays to use nothing but the right grade of Humble Motor Oil in the crank case, and to renew it every 500 miles. It will pay you to always look for the Humble Signs before you buy.

BIRTHDAY PARTY FOR JACK VANNEMAN TUESDAY

Mrs. R. B. Vanneman entertained the many young friends of her son, Jack, Friday evening from five thirty until eight o'clock, with a lawn fete at the home of Mrs. D. H. Gibson on Sumpter Street.

The occasion was the fifth birthday of Master Jack, who received many interesting and amusing gifts.

The tables were decorated with white and yellow, and the favors for the girls were large colored balls; those for the boys were "funny face" balloons.

After the presents were examined and many games played, came the refreshments which consisted of a wonderful birthday cake, ice cream, lemonade and candy.

Among those present were: Robert Gallelin, Leslie Strange, Jr., Billy Frank Akin, Franklin Booker, apt Jones, Bobby Jones, Roger McAdams, Ralph Ross, Franklin Vanneman, Jack Vanneman, Misses Lovetta Lowry, Jane Lowry, Doris Gallelin, Thea Gallelin, Annie Stauber, Mary Martha Strange, Dorothy Cogdell, Carrie Measles, Clara Frank Denning, Evelyn Calome, Lorraine Calome, John Joe Steele and Edna Duprey.

The many young people had a very enjoyable time and all wished Jack many more birthdays, as happy as this one proved to be.

Mrs. Lee Wilson entertained a jolly crowd of young folks at her hospitable home Tuesday night, the evening being spent in a revival of old to hioned games and joined in with a zest by all present. The home was decorated in early fall colors and with the cool breath of fall air making all comfortable, the occasion was truly delightful. The occasion was in honor of Miss Hazel Vinson of Dallas who has been spending the Summer here and who left for her home today. The young honoree received a number of lovely gifts and has going away was the subject of much regret by the many young lady friends whom she has met while here.

Fred Karner writes from Salt Lake City, his message to The News being sent by United States Air Mail Service. Miss Frederika is with him and they are enjoying the scenes of Salt Lake City tremendously. They go within a few days to San Francisco and will be located at the St. Francis hotel. Mr. Karner says he will be back when the ducks start North.

Mrs. Inez Calame has returned from an extended visit of four weeks at Alvarado, Dallas, Waxahachie, and Ft. Worth. She says the most thrilling experience she had on her trip was one hour and seventeen minutes in an aeroplane, in Alvarado during the re-union. Toy-town was a nickname for Alvarado and other cities while "up-there."

Master Jack Vanneman entertained a large number of his little friends at 500 East Sumpter Street with a birthday party. He received many pretty little presents from his little friends. He gave many little "Souvenirs" to each one of them. Every thing to eat for children was served on the lawn.

The re-union grounds has been quite a resort for a large number of people all summer for the water has been a real good for swimming all summer. Several swimming parties have been arranged for this week.

GOING OUT TONIGHT WITH THAT PIMPLE SHOWING

The boy or girl who has nothing to worry them about the way they look are so much more noticeable when compared to the shrinking and backwardness of the ones who are afraid to mingle in the fun because they know how unattractive they must look on account of their pimply, blotchy or rough, eczemic skin.

Their one friend is Black and White Ointment, if they will just use it faithfully, because it will get rid of all those ugly bumps and make their skin soft, smooth and lovely. Then, to keep it that way be sure to use Black and White Soap when you wash. They are both economically priced in liberal packages. The 60c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

NURSE LYSSY GIVES TANLAC FULL PRAISE

NOT ONLY TAKES IT BUT RECOMMENDS IT TO PATIENTS

Mrs. Frances Lyssy, 116 Parker Ave., San Antonio, Texas, is another practical nurse who is outspoken in her praise of Tanlac. Mrs. Lyssy has had more than 30 years of nursing experience and due to her almost unbroken record of success in caring for the sick, her services are in constant demand.

"My own experience with Tanlac four years ago, showed me what a remarkable reconstructive medicine it is," said Mrs. Lyssy recently "and since then I have induced many of my patients to take it. Tanlac never seems to fail, for, without exception, the verdict has always been in its favor."

"In 1920, my work as a nurse had kept me very busy, necessitating much loss of sleep and irregular eating, and for months I had suffered from stomach trouble and indigestion. I was extremely nervous, my entire system was generally

weakened, and my weight had gone down from 130 to 105 pounds.

"I had also suffered from torpid liver for years and when I began taking Tanlac, I seemed to be right on the verge of a nervous breakdown. But by the time I finished my first bottle, I began to improve and after that it was wonderful how steadily I regained my health. With the aid of the Vegetable Pills, Tanlac relieved me entirely of any signs of stomach weakness, liver disorders, constipation and nervousness, and built my weight right back up to normal. Since then I have had only occasional set-backs with my health but in each case I resorted to Tanlac with the same splendid results. I would urge everyone with troubles like I had to give Tanlac a trial."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

LIMESTONE DELEGATION UNSEATED AT STATE MEETING

FERGUSON MEN USE POWER TO SEAT SELVES IN CAPITOL

The regularly elected delegates from Limestone county to the state convention returned from Austin Wednesday morning, after having been unseated by the convention, and another delegation—all Ferguson men seated by the convention credentials committee.

It is not known who selected the delegation that was seated, as there was only one county convention held, there were both Robertson and Ferguson men on the regular delegation, and both sides were represented at Austin, but the trick was turned, just as the regular Dallas county delegation was unseated on a motion from the floor of the convention when no contest had been filed.

The Ferguson men had the votes in the convention and they used the power to suit themselves.

THREE MEXICANS ARRESTED WHEN PASSENGER IS HELD UP

By United Press.

MEADE, Kans., Sept. 3.—Three Mexicans are under arrest here in connection with an attempt hold up of the Rock Island westbound passenger train near here last night when two deputy sheriffs were wounded in a revolver battle with bandits. Deputies Roy Lewis and L. V. Keeney are seriously wounded, physicians said. The robbery of the mail cars containing a quarter million dollars was frustrated by the sheriffs posse which had been tipped off to the impending attack.

Poses scoured the surrounding country today for two bandits who escaped after seriously wounding two deputy sheriffs in an attempted hold up of the westbound Golden State Limited crack Rock Island train here last night. A third man Albert Pizeno, was under arrest here suspected of being the other bandit in the party. A tip that the hold-up was to be staged prevented the bandits from looting the mail car of more than a quarter of million of dollars, officials of the road said. The tip was received from a garage owner at Roswell, who found a note planning the hold-up in his garage after three strangers who stopped for gasoline had driven off in a car yesterday. Rock Island officials were notified and Sheriff Lepper of Meade county was in turn told of the robbery attempt.

With about a dozen men Lepper hit beside the track as the Limited pulled in last night. As the train slowed down three men leaped from the blind baggage and ran toward the locomotive.

The sheriff's posse opened fire on the bandits. In the exchange of shots, Roy Lewis, 50 and L. V. Keeney, 45, members of the posse were wounded. One of the bandits was hit but escaped in an automobile parked nearby with another companion. The third man was arrested later.

BIG FOREST FIRE SWEEPS VALLEY WATERSHED AWAY

PASADENA, Cal., Sept. 3.—More than 700 men are fighting the worst forest fire in this section since 1918, and have been unable to stem the flames sweeping the San Gabriel Canyon region since Sunday. More than 4000 acres of underbrush, forming the valley's necessary watershed has been burned over, and the fire is raging uncontrolled.

NATIONAL SECURITY.

By HENRY WOOD.

(United Press Staff Correspondent)
GENEVA, Sept. 3.—Delegates to the assembly of the League of Nations today began discussion of National Security and Disarmament following the arrival of Premier Edouard Herriot of France and Prime Minister Ramsay MacDonald of England. After MacDonald's arrival early today the two Premiers immediately went into conference with their respective delegations attempting to hit upon scheme for national security agreeable to both countries. Both apparently have rejected the plan of Prof. Shotwell leader of the American group here.

It seems certain that France will never accept England's demand for disarmament, the French feeling they need military guarantees against attack before disarming. William G. McAdoo, former Secretary of the American Treasury arrived today to attend the sessions.

Unidentified Negro Sought In Dallas For Shooting Man

DALLAS, Texas, Sept. 3.—Authorities here today combed the city for an unidentified negro, who shot and probably fatally injured Arch Harris, constable at Garland, near here, early today. Harris was making his rounds when the negro fired upon him from a clump of bushes. And made his escape in an auto headed for Dallas. The wounded man was brought to a Dallas hospital where it was said there was little hope for recovery. The cause of the attack was unknown.

MEXICAN JUDGE FREES MEXICANS WHO KILLED MAN

SAN ANTONIO, Sept. 3.—A Mexican federal judge has freed Eugenio Bianchini at Piedras Negras. Bianchini is wanted in Frio county for the murder of Deputy Sheriff J. T. Holloway of Bexar county and is wanted in San Antonio on a charge of automobile theft. Bianchini was being brought to San Antonio by Holloway when he escaped to Mexico. Holloway's body was later found in Frio county and Bianchini was arrested at Nuevo Laredo. He escaped from jail there and was recaptured at Piedras Negras.

Deputy Sheriffs Antonio Diaz and L. E. Weathers of Bexar and Frio counties, respectively are in Mexico now, endeavoring to secure extradition of Bianchini.

NATIONAL MEET OF KU KLUX KLAN TO BE IN K. C.

KANSAS CITY, Mo., Sept. 3.—Members of the Ku Klux Klan will meet in national convention here Sept. 22-25, it has been announced by L. H. Riddle, who yesterday rented convention hall for that period. Riddle said he expected more than 5,000 Klansmen from all parts of the country would attend the convention which will confine its session to purely business matters. There will be no parades or similar demonstrations, according to Riddle.

Dr. H. W. Evans, Imperial Wizard will preside at the convention.

Firpo To Be Free To Fight Negro

WASHINGTON, Sept. 3.—Despite efforts to deport him within the next week, Luis Angel Firpo, Argentine pugilist, probably will be free to fight Harry Wills, Sept. 11, it appeared today.

Whatever the action of the Labor Department in the next few days, Firpo will still have recourse to the courts for a stay of a possible deportation order which would permit him to go ahead with the contest. The department's speed in the case is due to Canon William S. Chase of Brooklyn, who has nettled it with veiled charges of undue delay which he ascribes to "influence."

DOVE SEASON OPENS FATALLY TO YOUTH

HOUSTON, Sept. 2.—The second day of the dove season registered a casualty here when Cecil Dukes, 17, accidentally shot and killed himself while cleaning a shotgun after a hunting trip.

KLAN CONDEMNED IN PLATFORM WHEN MEET CLOSES

AUSTIN, Texas, Sept. 3.—Emphatic condemnation of the Klan as "democratic, unchristian and un-American" was made in the platform adopted by the democratic state convention here without discussion or a dissenting vote. The report of the subcommittee was submitted upon the opening of the session this morning. Cheering greeted the reading of the report, and applause was frequent during the voting.

A resolution calling for the resignation of Mrs. J. T. Bloodworth, Fort Worth, as national committee woman from Texas was adopted most unanimously. The resolution charged Mrs. Bloodworth with being out of harmony with the state national party.

Reading the plank condemning abuses of the prescription method obtaining whiskey from drug stores met with loud applause.

The platform adopted is a modification of the Ferguson document with three additions. These consist in endorsement of Governor Neff and efforts to suppress lawlessness, commendation of Lieutenant Governor Whit Davidson for his administration while in the governor's chair toward suppression of mob violence, and a third declaration that there is a waste of the peoples money to build expensive highways without adequate maintenance provision.

The convention adjourned sine die at 10:40, a. m., the closing session having lasted one hour and ten minutes.

Chairman E. A. Berry has called a new state executive committee to meet in Houston next Monday when nomination to fill the vacancy on the ticket caused by the resignation of Dr. W. M. Splawn is to be made.

The convention closed with a picnic and dance at Medicine Park in the mountains near here.

Kerens has already received 498 bales of cotton according to August records. Counting the seed and excess weight the crop has brought \$750,000 already. Bank deposits have increased \$400,000.00.

Mrs. M. W. Anderson and daughter, Mrs. R. L. Unger, have returned from a two months vacation trip through the state of New York. While away they visited the Thousand Islands and other places of historic interest along the St. Lawrence, having a most enjoyable trip all the way.

State Convention Adopts Platform

AUSTIN, Texas, Sept. 3.—Action on the reports of the platform and resolutions committees were the outstanding tasks on the program of the Texas State Democratic convention entering its second session today.

Permanent officers of the convention were chosen late yesterday. The acceptance by the convention of the anti-klan slate selected by the anti-klan supporters in pre-convention caucus, Joseph Weldon Bailey, former United States Senator from Texas, was made permanent chairman of the convention with Joe Burdett of Eastland permanent secretary.

The K. K. K. is denounced by the anti-Democratic, un-American and un-Christian organization, one section of the platform draft submitted by former governor, James E. Ferguson for his wife, Mrs. Miriam A. Ferguson, the Democratic nominee for governor. Demand for registration of the membership of all secret organizations and anti-masking legislation is also included in the draft. Several resolutions have been presented arguing the Klan and some calling for barring of the membership from democratic party ballot.

Other outstanding planks in the program platform draft dealt with advocacy of child labor legislation, aid enforcement of the national prohibition laws; and for lower taxation.

The candidacy of John W. Davis, Charles W. Bryan, democratic nominees for president and vice-president and the administration of Governor Pat Neff were endorsed in the Ferguson draft.

The convention adjourned early tonight when it was apparent that the platform and resolution committees reports would not be available before today. Mrs. Ferguson and the former governor were among the speakers of the evening oratory was in full blast. Mrs. Ferguson closed her short address to the convention with an appeal to democratic voters to utilize their lot in the general election "as citizens." In her speech, she stated that she would go into office "with love and good-will for mankind." The crowd called for Governor Jim Ferguson to close the close of the woman nominee's address and he spoke for several minutes. Demonstrations of several minutes were given both of the Ferguson.

As a Rule, the Man or Woman Who is to register and vote can give no excuse for failure to perform an important civic duty. Both our country and the political parties will be better off at all times with a full registration and a full vote.

Usually the cheerfulness of the candidate's father would seem to indicate that he is the best man at the wedding.

MEN AND WOMEN IN NEWS OF THE DAY.

Here: MRS. BULA CROKER & LUIS FIRPO
Below: MISS JANET LEE & HENRY CURRAN

The pale blue racing silks of the late Richard Croker, former boss of Tammany Hall, New York, who died on his Irish estate, will be seen again, his widow, Mrs. Bula Croker, having decided to reopen his training stables at Glencairn, Ireland. Secretary of Labor Davis has ordered Henry H. Curran, Commissioner of Immigration in New York, to investigate new charges that Luis Angel Firpo, Argentine heavyweight, violated the immigration law a year ago in connection with the entry into the United States of Miss Bianca Lordes Picart. Miss Janet Lee has made her stage debut in Boston with the full consent of her parents, Rev. Dr. and Mrs. J. C. Lee of Gloucester, Mass.

The Campaign Day By Day

With the Maine elections Monday the next political high spot the Ku Klux Klan issue remains the chief point of political discussion. William R. Pattingall, Democratic candidate for governor is stressing his anti-klan stand and charging the Republicans with accepting Klan support.

A letter published in New York from C. Bascom Slem, Secretary to President Coolidge in response to a questionnaire, declares in reference to the Klan that the "President has repeatedly stated he is not a member of the order and is not in sympathy with its aims and purposes."

The President and his campaign manager, William M. Butler, did not discuss the matter of replying to the challenge of John W. Davis to denounce the Klan, it was said in Washington.

Davis is in Chicago conferring with his Western managers. The active independent candidate

I Am Clean

One reason for my beauty
By Edna Wallace Hopper
This is to the millions of women who wish to know how I have kept my youth and beauty after 35 years as a stage star. And how at a grandmother's age I manage to look like a girl.

One thing is this: I never use soap and water on my face. Soap removes just the surface dirt, and that has nothing to do with the skin.

Lucie Lantelme, the famous Parisian beauty, told me how she kept her skin so absolutely clean.

Hopper
Then I went to her Photo 2923 experts and secured the same method.

Since then the method has come into world-wide use, but only through beauty experts. The results were so marvelous that all of them charged high prices for the product. Some charged \$5, some \$8, for the formula, so only the few know how much it can do.

Now I am placing this formula at every woman's call. I have named it my Facial Youth. It contains no animal, no vegetable fats, so the skin cannot absorb it. It simply penetrates the pores to the depths, then departs. All the grime, all the dead skin and clogging matter comes out with it.

Wash your face in the best way you know, then apply my Facial Youth. You will be amazed at the extra grime and clogging matter which comes out with it.

This is the first step in fine complexion—an absolutely clean skin. This method is the only way to get it. Once you know what it means you will never go without it.

I have placed this formula with all druggists, all toilet counters. The price is 75c despite the fact that others charge ten times as much.

You need my Facial Youth. It is impossible, they tell me, to look your best without it. It is the only facial cleanser which really cleans.

Write me for my Beauty Book and I'll send you something else to please you.

Tilden Supreme On Tennis Court

By HENRY L. FARRELL.
(United Press Staff Correspondent)

NEW YORK, Sept. 3.—Until old age creeps upon him and dulls the keenness of his eyes and the strength of his arms, Bill Tilden can be the world's champion tennis player as long as he cares to hold the title.

Tilden has talked some of retiring at the end of the season and for a number of years it will be by his retirement only that a new champion can arrive.

The same officials and critics who marvelled at the beauty and perfection of little Bill Johnson's game

when he crushed the powerful Gerald Patterson in the semi-final round of the national championship tournament had no words to describe Tilden's game when he overwhelmed the same Johnston in the final round for the title yesterday afternoon at Forest Hills.

Johnston had been playing so brilliantly all during the tournament and Tilden had been in such careless form against Howard Kinsey and Vincent Richards that the friends of the little Californian figured he had an excellent chance to beat Tilden and win back the crown he once wore. It was considered at least a certainty that Johnston would give Tilden a hard fight but he turned out to be the easiest kind of a victim and Tilden won

at 6-1, 9-7, and 6-2.

Tilden said again today that he may retire at the end of the season and go into the movies. His friends believe, however, that some kind of a peace will be established with the association officials during the winter and that he will defend his title again next year.

Reisor Arrives To Assist Westminster

Lawrence Reisor of Celeste, Texas, star backfield man for the S. M. U. squad, arrived on the noon train today to assist C. L. Lewis in coaching the Football squad at Westminster College. He will be here until

about Sept. 10th., at that time he will have to report for training at the Methodist headquarters.

CURRIE POOL WELL'S FLOW IS INCREASED

The J. K. Hughes Mrrow No. 1 well which has been flowing for something over one year and a half, was being cleaned out Monday. While pulling the lines it began making large flows again and has increased from 750 barrels to about 1,500 in the last two days.

This well is flowing from the second sand and has been the best well in the Currie pool.

OIL FIELD INTERESTED IN SAFETY

The Safety Council of the Mid-Continent Oil and Gas Association will present its picture "Live and Let Live" at Gusher Park tonight.

The oil fraternity and the public in general here should turn out in great numbers and get the full benefit of this picture which has been doing much good throughout the oil world of the Southwest in recent months.

The various companies with headquarters here have been notified of the coming of the picture and arrangements have been made for it to be given free.

The following companies, which give some idea of the magnitude of the oil industry here, have been notified about the picture:

The Pure Oil Company, J. K. Hughes Dev. Company, Gulf Production Company, Sinclair Oil Company, Atlantic Oil & Prod. Company, Galena Signal Oil Company, Tidal Oil Company, Magnolia Petroleum Company, Mutual Oil Company, Lewis & National Oil & Ref. Co., Simms Oil Company, Sun Oil Company, Arkansas Oil & Gas Company, Houston Oil Company, Owenwood Oil Corp., U. S. Tex. Oil Corp.

The following is the letter:
I will be in Mexia, Wednesday, September 8th, 1924, with the picture, "Live and Let Live," a safety picture put out by the Safety Council of the Mid-Continent Oil & Gas Association. In addition to this there will be a 3 reel picture showing the method of extracting gasoline from crude oil. These pictures will be shown at the Mexia Ball Park at 8:00 o'clock Wednesday night, and are primarily for the benefit of those engaged in the oil and gas industry, but any one interested in safety work is cordially invited to attend.

Will you please pass the word among your employees so that as many as possible may attend and as much benefit as possible be had from showing this picture in your locality.

THE MASSES CRAVE REPAIRS

The oppressed masses of the nation and the weary world that has not yet recovered from its wounds of war are looking to the Democratic party in America to save them from a repetition of the woes of the past four years. Never was the call so clear to Democrats to arouse themselves and march as one behind the standards of the party of the people.

The Republican party is now making promises. It says that if it hasn't done much for the masses in the past four years that it will make it all right in the next, if given a chance.

It reminds one of Irvin Cobb's story of the old colored woman who had just been run over by a careless automobilist. She was unconscious as she was lifted out of the ambulance but recovered her senses on the operating table.

As her eyes rolled about her the officiating surgeon bended over her and sought to comfort her.

"Now, now, Auntie, there's nothing to worry about," the attendant remarked soothingly. "In fact you ought to be able to get a considerable amount of damages."

"Damages," the old mammy snarled. "Huh, man, what does I want wid any more damages. I done got plenty damages already. What I craves is repairs!"

Mexia should have a poultry show this Fall. It is probably too late to plan for a County Fair. However, it is not too late for a poultry exhibition. Growing interest in the industry and the promise that it offers to the farmers of this section warrant the suggestion. A poultry exposition, displaying the various breeds of poultry now raised around here and illustrations of the profit derived from the business would be a great inspiration to scores of home builders in this section in future years. Let's hear from poultry raisers on this subject.

In the passing from this world of President F. M. Bralley of C. I. A. at Denton, Texas, has lost a great educator. Mr. Bralley's death recently was a great blow to that well known institution and to education in Texas generally. He devoted many years to the public through the schools of the state. And now it is hoped that his mantle will fall on worthy shoulders.

With Venus visible in day time and Mars exciting astronomers at night, people everywhere are thinking now of the stars of the heavens as well as of the gridiron.

"The world do move." Joe Bailey is wearing his political hat again and Senator Hoke Smith, only 69, has broken into print, having committed matrimony.

Mr. Brown keeps a boarding house. Around the table sat his wife Mrs. Brown, the village milliner, Mrs. Andrews, Mr. Black, the baker; Mr. Jordan, carpenter; and Mr. Hadley, a flour feed and lumber merchant.

Mr. Brown took ten dollars out of his pocket and handed it to his wife

Mrs. Brown handed the bill to Mrs. Andrews, the milliner, saying, "That pays for my new bonnet."

Mrs. Andrews in turn passed it to Mr. Jordan, remarking that it would pay for the carpenter work he had done for her.

Mr. Jordan handed it to Mr. Brown saying, "That will pay ten dollars of

my board bill."

Mr. Brown handed the bill back to Mrs. Brown, saying that it would pay the twenty dollars he had promised her. She in turn paid Mr. Black to settle her bread and pastry account. Mr. Black handed it over to Mr. Hadley asking credit for account on his flour bill.

Mr. Hadley again handed it to Mr. Brown with the remark that it now settled the balance for that month's board.

Mr. Brown put the bill back in his pocket, observing that he had not supposed greenback would go so far.

But, suppose Mrs. Brown had sent to a mail order house for her new bonnet; then the ten dollars would have gone out of town and never come back.

 Fill the egg poacher or spider with boiling water. Draw the poacher to one side of the stove where the water cannot possibly boil. TO THE PEOPLE OF THE 87TH JUDICIAL DISTRICT:
 I am indeed grateful to my friends for the splendid majority given me in the recent Primary, nominating me for a second term as Judge of the 87th District Court. I desire to thank each and all of my friends for their generous support. I have no feeling of resentment toward those who saw proper to vote against me. I shall endeavor to merit the generous endorsement given me, by faithful and impartial service in the discharge of the duties of that important office.

Respectfully,
 J. ROSS BELL.

TO THE VOTERS OF THE 87TH JUDICIAL DISTRICT:
 Although unsuccessful in my race for District Judge, I appreciate the many friends who so loyally supported me, just as much as if I had been elected.

I ran a clean race, renewed many old acquaintances, made many new friends, and harbor no malice against those who did not vote for me.

I congratulate Judge Bell, and assure him that as a member of the bar and an officer in his court he shall at all times have my heartiest cooperation.

Respectfully,
 J. E. WOODS.

attended her recital in June realized that as a teacher she was unexcelled. She displays a rare sympathetic understanding of her pupils, making progress very rapidly under her instruction. And her pupils all show poise and dignity, yet never losing their naturalness.

Wherever one of Mrs. Strange pupils read last year he was met with hearty applause and appreciation. This year Mrs. Strange hopes to begin a series of recitals and staging of children's plays, showing patrons what progress can be made, without interfering with school work; while on the other hand she hopes to prove that this will be an aid to studies by teaching the child to express himself truly and quickly.

PARIS STYLE HINTS

PARIS, Sept. 2.—Color runs riot over all the new creations coming from the big designers of the Rue de la Paix. It would seem that they had all got together and decided that the Winter season be as gay as possible and, if bright frocks have anything to do with it, it surely will be.

Germaine is using not a little sombre black, brown and blue, but always in conjunction with vivid shades of red, orange and purple in contrasting fabric or in embroidery. A stunning model in black satin is cut like the all-over apron of a little girl and embroidered in front with lines of gold terminating in diamonds of orange and gold. With a two-inch band of orange tipping with gold the edges of the whole tunic.

There are gorgeous colors and brilliant combinations at the English house of Redfern. An ensemble called "Moulin Rouge" is a sheath gown of Chinese red kasba belted with lizard and covered with an ample coat of large red and yellow plaid. To wear with it comes a little hat of the lizard. A sensational evening dress has a feather flounce and feather sleeves in vivid flame color. Jade green is one of the favorite shades of this house, and on all the dresses there is wonderful trimming of bright ribbons, furs and fringes.

Paul Caret is showing a scarlet crepe gown fitted closely to the curve of the back and has a sash-like bow, with two long fringes of uncurled ostrich for the bow ends. A sheath gown of green and gold lace uses the V-shaped pattern of the lame in the upper portion of the gown while meeting the points of the V's are godet panels of uncurled ostrich.

Lelong is showing wonderful materials trimmed with glistening spangles, and embroideries which look like water on which sunlight is playing. A dark rich coat of purple velvet is lined with silver and worn over a gown of delicate orchid. A gay little geranium velvet is embroidered at the side with one big rose, in the heart of which are sparkling diamond dewdrops. He is very fond of metal cloths and bright Spanish embroideries for evening.

Bright colored velvets are to the front for afternoon frocks. Lenief favors Chinese red, and the Chinese influence is carried out in embroideries in gold and sometimes only fine thin lines about the neck and tunic which has a decidedly mandarin cut. Purple and carmine are often com-

bined, and willow green is a favorite with several of the large designers.

CREDIT ASSOCIATION HOLDS WEEKLY MEETING

Jack: "Yes I had a little balance in the bank, but I got engaged two months ago, and now—"

Maud: "Ah, Love makes the world go round?"

Jack: "Yes. But I didn't think it would go round so fast as to make me lose my balance."

FIFTY YEARS IN MEXIA

A 10-Year or a 1-Year Car

~The Difference Is a Matter of Lubrication

A prominent automobile manufacturer is author of the statement that "The difference between a 10-year car and a 1-year car is largely a matter of lubrication". The experience of this manufacturer and his success in the field of automobile engineering place him in a position to speak with authority on this subject.

Everyone, within his experience, knows of cars that have been running for years, and even though they are out-of-date as to lines and body design, their quietness of motor operation and the absence of squeaks and rattles show that they have always been well lubricated and well cared for.

On the other hand, you know of hundreds of cars that, even though they have been in service but a few years and have covered comparatively few miles, are afflicted with groans and squeaks; the motor knocks and labors and the gears clash and grind—and they are just about ready for the junk pile. Their owners have never considered lubrication as important.

Folks who really care about the service life of their cars and who wish to get as much out of their investment as possible, are finding that it pays to use nothing but the right grade of Humble Motor Oil in the crank case, and to renew it every 500 miles. It will pay you to always look for the Humble Signs before you buy.

MODERN TRAVEL IMPROVED UPON AS NEGRO GETS IN BEHIND DOBBIN TO COOLIDGE

Friends of Sam Werner, agent for the T. and B. V. have been carrying him high since the following incident is reported to have happened at the depot.

A negro bought a ticket to Coolidge about a half an hour before the train was due. He hung around the depot until just before the train whistled in sight. Then a conversation is reported between Mr. Werner and the darky that runs like this:

"Boss, will you give me my money back on this ticket? Queried the negro. "Why?" Mr. Werner requested. "I've got a better way to go" the darky explained.

"How's that?" "I've gone in dis wagon out here," the negro explained, as Mr. Werner counted out the coin.

GULF GETS PRODUCTION IN ITS ELKINS 2 WELL

The Elkins number 2 of the Gulf Production Company at Richland has developed into a 400 barrel well since the well went under the swab last Friday afternoon. The depth of the hole is given at 2996 feet. This is the first completion for the Gulf on that lease.

The Gulf is reported to be wildcatting on a block of acreage in Hunt County near Greenville. The Ross and Green Pryor number 1, drilling west of the producing area in the Luling field is now down around 1000 feet.

THE WEATHER IN GENERAL

Labor Day in New York was the hottest on record for the Manhattan City and one man died and six were prostrated when the mercury climbed to ninety two degrees. No sign was felt, even after night, of the cool wave that was registered generally throughout the Middle West.

Tuesday morning brought a decided change, first noticed in Chicago. Here the thermometer hovered around sixty. Des Moines reported a temperature of forty eight and Kansas City claimed a fifty eight marker.

As far down as Oklahoma City the temperature was down to fifty seven, and at Dallas a decidedly cooler atmosphere relieved a near-hundred degree record for the last few days.

"To win success you must know life—especially women—you can learn much from them—but keep cool yourself."

The older man was speaking, cynical and disillusioned, but because he had been successful in a worldly way Dan believed him, took his advice, and in his youthful ignorance began to sow his wild oats.

The remorse, ruined hopes, and despair that his career of shame brought him forms one of the most powerful moral lessons you have ever read.—Don't miss—

BIRTHDAY PARTY FOR JACK VANNEMAN TUESDAY

Mrs. R. B. Vanneman entertained the many young friends of her son, Jack, Friday evening from five thirty until eight o'clock; with a lawn fete at the home of Mrs. D. H. Gibson on Sumpter Street.

The occasion was the fifth birthday of Master Jack, who received many interesting and amusing gifts.

The tables were decorated with white and yellow, and the favors for the girls were large colored balls; those for the boys were "funny face" balloons.

After the presents were examined and many games played, came the refreshments which consisted of a wonderful birthday cake, ice cream, lemonade and candy.

Among those present were: Robert Galletin, Leslie Strange, Jr., Billy Frank Alkin, Franklin Booker, apt Jones, Bobby Jones, Roger McAdams, Ralph Ross, Franklin Vanneman, Jack Vanneman, Misses Loretta Lowry, Jane Lowry, Doris Galletin, Thelma Galletin, Annie Steubenrauch, Mary Marsha Strange, Dorothy Cogdell, Carrie Measles, Clara Frank Denning, Evelyn Calome, Lorene Calome, Johnnie Joe Steele and Edna Duprey.

The many young people had a very enjoyable time and all wished Jack many more birthdays days as happy as this one proved to be.

Mrs. Lee Wilson entertained a jolly crowd of young folks at her hospitable home Tuesday night, the evening being spent in a revival of old fashioned games and joined in with a zest by all present. The home was decorated in early fall colors and with the cool breath of fall air making all comfortable, the occasion was truly delightful. The occasion was in honor of Miss Hazel Vinson of Dallas who has been spending the summer here and who left for her home today. The young honoree received a number of lovely gifts and her going away was the subject of much regret by the many young lady friends whom she has met while here.

Fred Karner writes from Salt Lake City, his message to The News being sent by United States Air Mail Service. Miss Frederika is with him and they are enjoying the scenes of Salt Lake City tremendously. They go within a few days to San Francisco and will be located at the St. Francis hotel. Mr. Karner says he will be back when the ducks start North.

Miss Inez Calame has returned from an extended visit of four weeks in Alvarado, Dallas, Waxahatchie, and Ft. Worth. She says the most thrilling experience she had on her trip was one hour and seventeen minutes in an aeroplane, in Alvarado during the re-union. Toy-town was a nickname for Alvarado and other cities while "up-there."

Master Jack Vanneman entertained a large number of his little friends at 500 East Sumpter Street with a birthday party. He received many pretty little presents from his little friends. He gave many little "Souvenirs" to each one of them. Every thing to eat for children was served on the lawn.

The re-union grounds has been quite a resort for a large number of people all summer for the water has been real good for swimming all summer. Several swimming parties have been arranged for this week.

GOING OUT TONIGHT WITH THAT PIMPLE SHOWING

The boy or girl who has nothing to worry them about the way they look are so much more noticeable when compared to the shriveling and backwardness of the ones who are afraid to mingle in the fun because they know how unattractive they must look on account of their pimply, blotchy or rough, eczemic skin.

Their one friend is Black and White Ointment, if they will just use it faithfully, because it will get rid of all those ugly bumps and make their skin soft, smooth and lovely. Then, to keep it that way be sure to use Black and White Soap when you wash. They are both economically priced in liberal packages. The 50c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

NURSE LYSSY GIVES TANLAC FULL PRAISE

NOT ONLY TAKES IT BUT RECOMMENDS IT TO PATIENTS

Mrs. Frances Lyssy, 116 Parker Ave., San Antonio, Texas, is another practical nurse who is outspoken in her praise of Tanlac. Mrs. Lyssy has had more than 30 years of nursing experience and due to her almost unbroken record of success in caring for the sick, her services are in constant demand.

"My own experience with Tanlac four years ago, showed me what a remarkable reconstructive medicine it is," said Mrs. Lyssy recently "and since then I have induced many of my patients to take it. Tanlac never seems to fail, for, without exception, the verdict has always been in its favor."

"In 1920, my work as a nurse had kept me very busy, necessitating much loss of sleep and irregular eating, and for months I had suffered from stomach trouble and indigestion. I was extremely nervous, my entire system was generally

weakened, and my weight had gone down from 130 to 105 pounds.

"I had also suffered from torpid liver for years and when I began taking Tanlac, I seemed to be right on the verge of a nervous breakdown. But by the time I finished my first bottle, I began to improve and after that it was wonderful how steadily I regained my health. With the aid of the Vegetable Pills, Tanlac relieved me entirely of any signs of stomach weakness, liver disorders, constipation and nervousness, and built my weight right back up to normal. Since then I have had only occasional set-backs with my health but in each case I resorted to Tanlac with the same splendid results. I would urge everyone with troubles like I had to give Tanlac a trial."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.
